# Latest News

This page contains information for the students that will be joining us in September 2024 and their parents/carers.

We will keep this page updated with all the latest news and information in relation to Transition and joining Barnwell in September 2024.

# What's going on now?

Welcome to Barnwell!! You have now been given your allocated school for September. You will have received a letter from the school with some essential links to information about the school and upcoming events. On the letter there is a link to a form which is to be completed by parents and children together to help us gain some more information about you. The letter will also contain links to the website which has videos of the school site and further information on Barnwell School.

# New Intake Day - Thursday 11th July 2024

This is the day where all students in the whole of Hertfordshire move up a year.

For students joining Barnwell in September 2024, this is your chance to meet the other students that will be in your form group and your chance to experience English, Maths and Science at Barnwell and compete in a PE activity in the afternoon.

Students need to come dressed for the weather, and ready for PE based activities. Please do not come in uniform (Barnwell or primary school).

All students will need to bring a packed lunch for the day as our cashless catering system cannot be set up and ready to accept our new students until they are officially on roll in September.

Students need to arrive in school for 8:25am and will be guided round to our main school hall where they will split into their classes. We ask all parents/carers to leave their children at the gate. If you need to drop off by car, please drop students off outside the school grounds on Hydean Way, please do not enter the school car park at all.

Students will then finish the day at 2:45pm. It is always a good idea to work out where you are going to meet at the end of the day, as this is often a very daunting time for the students.

# Year 7 Trips and events

- As a school we pride ourselves on the opportunities we provide for our young people and we will be giving all Year 7 students the opportunity to participate in a day of high ropes activities at the start of October to help them to meet new students and staff. We will also be providing a rewards based PGL trip for Year 7 students towards the end of the Year. Further details about both trips will be released shortly.
