

Pupil Premium

DISADVANTAGED STUDENTS

Pupil premium strategy statement

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Barnwell School
Number of pupils in school	1323 (1230 7-11)
Proportion (%) of pupil premium eligible pupils	31% (380 7-11)
Academic year/years that our current pupil premium strategy plan covers	2022-2023 2023-2024 2024-2025

Date this statement was published	December 2024
Date on which it will be reviewed	September 2025
Statement authorised by	Mrs M Townsend
Pupil premium lead	Mrs K Collier
Governor / Trustee lead	

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£410,920
Recovery premium funding allocation this financial year	n/a
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£410,920
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

Part A: Pupil premium strategy plan

Statement of intent

At Barnwell we work on the principle that there is no such thing as a typical pupil premium student and therefore our strategy is centred around meeting individual needs.

Our overall aims are:

- To raise the aspiration and ambition of disadvantaged students and to ensure that they have equitable access to all school experiences.
- To ensure all disadvantaged students benefit from quality first teaching where planning considers their individual learning needs including barriers to learning.
- To utilise targeted interventions and support, in all subjects, facilitating high quality education provision for disadvantaged students.
- To remove non-academic barriers including attendance, behaviour and wellbeing to support the success of disadvantaged students.
- To improve the progress and outcomes of disadvantaged students and eliminate the gaps between their progress and outcomes and that of their more affluent peers.
- To improve the reading fluency, comprehension, and vocabulary of disadvantaged students.
- To improve the mental health and well-being of disadvantaged students.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low literacy levels and gaps in students reading age when compared with their expected reading age
2	Low levels of parental engagement and limited or no boundaries at home resulting in low student engagement, low aspirations, lack of homework and non-conducive out of school learning environments
3	Low attendance/high levels of PA
4	Poor mental health and wellbeing

Intended outcomes

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Elimination of the gap between progress made and outcomes achieved by disadvantaged and other students.	<p>Progress and attainment 8 scores are equally strong for those eligible for PP and their peers.</p> <p>English and Maths 4+ and 5+ measures are equally strong for those eligible for PP and their peers</p> <p>Destinations data shows an increase in the number of disadvantaged students progressing onto level 3 courses to bring it in line with their non-disadvantaged Barnwell peers.</p>

Equitable access to school experiences	<p>Trips and visits logs/registers shows that uptake is at least as strong for students eligible for PP as for their more advantaged peers</p> <p>Extra-curricular activities register shows that uptake is at least as strong for students eligible for PP as for their more advantaged peers</p>
Successful engagement of families or additional supportive arrangements in place for those students whose parents/carers will not engage.	<p>Improvement in attendance and outcomes of identified students.</p> <p>Improved attendance to parental meetings, information evenings, parents' evenings, and options evenings. A family member for every student eligible for PP will have attended at least one parent meeting (f2f or online) each year.</p>
Improvement in overall attendance of PP students and a reduction in the PA of disadvantaged students	<p>Attendance data – overall attendance 95% and PA matches that of all students.</p> <p>Year 1 18%</p> <p>Year 2 16%</p> <p>Year 3 13%</p>
A reduction in the number of disadvantaged students who have a	Data comparison of reading age from September to July.

<p>reading age below the expected.</p>	<p>The average reading age for those eligible for PP will be at their chronological age by the end of year 9.</p>
<p>An improvement in the mental health of disadvantaged students.</p>	<p>Number of referrals to external services for PP students to be in line with their non-disadvantaged peers.</p> <p>Number of exits cards for PP students to be in line with their non-disadvantaged peers.</p> <p>Attendance to school and lessons of PP students to be in line with their non-disadvantaged peers.</p> <p>Number of lesson withdrawals for PP students to be in line with their non-disadvantaged peers.</p>
<p>All disadvantaged students have access to a device & Wi-Fi out of school or a place to study in school.</p>	<p>A reduction in the number of non-homework submissions for disadvantaged students.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £73,743

Total budgeted cost: £410,920.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

The strategy was centred on removing barriers, meeting individual needs and improving outcomes.

There was a significant reduction in non-academic barriers (uniform items supplied throughout the academic year, breakfast provided in the form of bagels, mental health and wellbeing support accessed through a range of services).

Covid-19 disproportionately still impacted on disadvantaged students at Barnwell and across Hertfordshire.

Current destinations data demonstrates that the vast majority of our disadvantaged students went on to destinations that matched their interests and aspirations including students with SEND.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England
